Subject: Proposal for Creation of 30% of Nursing Cadre Posts due to Acute Staff Shortage at LHMC & SSK Hospital

Sir,

With reference to the proposal regarding creation of Nursing Cadre posts submitted vide this office letter F. No. A-12/2/2023-RR/4935/484 dated 11.11.2024 (copy enclosed), it is submitted that the number of posts has subsequently been rationalized in accordance with the directions of the Directorate General of Health Services conveyed through e-file No. 16135 (F. No. A.11013/04/2024-MH-II). Accordingly, the checklist has also been revised (copy enclosed).

The details of the revised proposal are as under:

S. No.	Name of the Post	Level of Pay	Existing Sanctioned Strength	Additional Posts Proposed for Creation
1	Assistant Nursing Superintendent	Level-10	42	81
2	Senior Nursing Officer	Level-08	183	285
3	Nursing Officer	Level-07	568	953
	Total			1319

2. At present, this institution is facing an acute shortage of Nursing Cadre personnel, which is adversely affecting patient care and overall healthcare service delivery. In view of the increasing workload and critical staffing gaps, there is an urgent requirement to augment the existing nursing workforce. The rising patient load, expansion of healthcare services, and the necessity to maintain prescribed standards of care further necessitate enhancement of the nursing strength.
